Ensuring solvency and stability of the banks

- High BIS Capital Adequacy Ratio: Banking Sector Average – 21%, Bank of Georgia – 32%
- High level of liquidity requirements from NBG at 20% of Liabilities, Bank of Georgia 38.7%
- Low Leverage in the banking sector: Banking Sector Average – 4.2x, Bank of Georgia – 3.0x

Resilient Banking Sector

- Demonstrated strong resilience towards domestic challenges during the August 2008 conflict as well as towards external shocks of global financial turmoil without single bank going bankrupt
- No nationalization of the banks have occurred, no government bail-out plans have been required, no Government ownership since 1995
- Excess liquidity and excess capital that has been accumulated by the banking sector to enable boosting the financing of the economic growth
- Very low leverage of population, with Bank Loans to GDP ratio of c. 30% resulted in contained number of defaults during the global crisis (Average Loan Loss Provisions by BoG standalone as of end Q2'10 at c. 7.4%)

Caution Regarding Forward-Looking Statements

This presentation contains statements that constitute “forward-looking statements”, including, but not limited to, statements relating to the implementation of strategic initiatives and other statements relating to our business development and financial performance.

While these forward-looking statements represent our judgments and future expectations concerning the development of our business, a number of risks, uncertainties and other factors could cause actual developments and results to differ materially from our expectations.

These factors include, but are not limited to, (1) general market, macroeconomic, governmental, legislative and regulatory trends, (2) movements in local and international currency exchange rates, interest rates and securities markets, (3) competitive pressures, (4) technological developments, (5) changes in the financial position or credit worthiness of our customers, obligors and counterparties and developments in the markets in which they operate, (6) management changes and changes to our group structure and (7) other key factors that we have indicated could adversely affect our business and financial performance, which are contained elsewhere in this presentation and in our past and future filings and reports, including those filed with the NSCG.

We are under no obligation (and expressly disclaim any such obligations) to update or alter our forward-looking statements whether as a result of new information, future events, or otherwise.
